ILL THE ELECTION of an irresponsible Legislature in Hawaii affect the money market here? The question was asked of a prominent banker yesterday.

"That is a difficult question to ask of me now," said the banker. "It is difficult to forecast what any Legislature's actions will be. It depends on what class of men are elected. If they are men iin themselves irresponsible and elected by an irresponsible class of voters who have not great interests at stake, the stability of the money market would undoubtedly be shaken and our credit hurt.

"Legislative action on questions concerning taxation, appropriations and expenditure of the public funds, together with the placing of certain men in office, would all have their bearing on the money market. Bankers know this and of course have to look ahead in these matters. They are the ones who are hurt by the irresponsible voter, How?

for instance, men who have small deposits may have their faith shaken and conclude that if certain men are elected their savings will be in jeopardy. They make a rush on the bank and there is a depression in the money market at once. "If Bryan is elected the effect on the market here will be even greater than the result from the election of an irresponsible Legislature. By this I do not mean that Bryan personally would do anything to injure the financial status of the country, but there is a feeling abroad through the land that if he is elected he will within a short time after he assumes office pay off debts in 50-cent dollars. What will be the result?

"They will make a rush on all the banks and we will be compelled to call in our available funds and the market will be depressed. I say this as a citizen and a banker. The irresponsible voter who elects an irresponsible member to the Legislature will do more to hurt his own standing in a financial sense than by any other means that I can see. Yes, this applies to the local political situation."

Another financier stated that in the event of candidates being sent to the Legislature whose opinions expressed would be considered a menace to the money stability of the Islands, the bankers would have to call in their reserve and the Territorial credit would be affected.

He said that persons would be prone to lay the blame on the bankers for the result of their acts. The very people who passed upon certain legislation which would be considered detrimental to the development of the Islands from a financial standpoint, would be the first to call the bankers to account.

Politics in its relations to the financial status of a community are far reachbig." said the banker. "Those who do not study the subject have no idea how little it takes to injure the community."

M'LEOD TO ESTABLISH BRANCH OFFICE. George McLeod of the Metropolitan Meat Market left last night for San Francisco, where he will establish a purchasing agency for the corporation. He will open an office there and buy all the meat supplies for the local house. He intends remaining on the Coast for a year, although he does not sever his connection with the company here. It has not been definitely settled just what steam-

ers will carry their meats. One of the new vessels of the Spreckels line will bring a cargo of refrigerator meats. The cattle, sheep and hogs will all come from California.

TRANSFER OF SUGAR PRODUCTION. "The transfer of sugar production from the plantations of the tropics to the farms of the temperate zone is illustrated by figures recently published by the Treasury Bureau of Statistics," remarks the 'California Fruit-Grower. "They show that 35 per cent of the sugar crop of the world was in 1840 supplied by sugar cane, a tropical product, and but 5 per cent from beets, a product of the temperate zone; while in 1899 but 34 per cent of the world's sugar supply was from cane and 66 per cent from beets. How much of this is due to the disappearance waiian Sugar Company will be closed to cane and 66 per cent from beets. How much of this is due to the disappearance transfers from October 15th to October of slave labor which existed in all cane-producing territory at the beginning of the period under review is left to the consideration of economists and sociologists; but it is a fact that the world's cane-sugar crop of 1839 would little more than supply the demands of the United States alone, after filling the needs of the

METROPOLITAN MARKET SECURES LONG LEASE.

of the Metropolitan Meat Market has received advices from the Austin heirs of Boston, Mass., agreeing to the proposition of the company to take on a thirty-years lease of the premises adjoining the property now occupled by the market. There has been a hitch in the proceedings for some time and the meat company despaired of coming to terms with the Austin heirs. The improvements which they have had in contemplation have been withheld on this account, but will now be pushed forward without delay. The building will be extended to cover all the property obtained under the thirty-year lease, and will run back so as to give accommodations for stabling. A modern refrigerator plant will be added, and the store will be remodelled and made modern in every respect. SUGAR CROPS OF THE WORLD.

Punahou Undergraduates Beaten.

Interesting Contest on the Gridiron at Oahu College Witnessed by Many.

DUNAHOU ALUMNI and Undergraduates met on the gridiron yesterday afternoon for the initial game of the season. The game was played to try out new material, and the college men are grateful to the Alumni for this opportunity of doing so.

As the teams lined up at 4:30 it was vident that the Alumni team was much the heavier. Castle won the toss and chose the east goal. Fuller kicked off to M. Robinson, who carried the ball back to the 35-yards line. Marcellino gained five yards through the Alumni left tackle. Kaulukou failed to gain. Castle netted three yards through center and then kicked fifteen yards into the opponent's territory. Fuller was thrown for a loss of two yards, and the Alumni surrendered the ball on downs.

Marcellino went through right tackle for four yards and duplicated the trick on the next rush. Kaulukou bucked the line for ten yards. Castle kicked the ball to the opponents. Waterhouse gain-ed four yards through right tackle but Hemenway was thrown for a loss of three yards by Cruzan. Fuller kicked to Castle, who carried the ball back fifteen yards before he was thrown. Judd and Marcellino advanced the ball to the 20-yard line, where it was surrendered on

At F. Judd lost the ball on a fumble. Castle's kick was blocked. Both sides seemed to be a little short of wind and the rest of the half was devoted to punting, in which the full-backs seemed to be on even terms. Perry's breaking through and blocking one of Fuller's kicks was a feature of the game. Several changes were made in Punahou team. Williamson went in at quarter-back. C. Judd was moved to left end and Walker to left tackle. Plunkett went in at left guard and Myers replaced Kaulukou at

right half-back. Castle kicked to J. Waterhouse, who returned the ball to the 45-yard line, Punahou hammered the right side of its oppenents' line for thirty-five yards, and things looked like a touchdown, but Meyers, after making a clean run of fifteen yards, fumbled and the ball went to the the ends but the Punahou line held firmly and Fuller was forced to kick. Akina gained two yards and Marcellino netted five, but the ball went to the Alumni on downs. Ingalls went around the end for five yards, but the ball went to Punahou on a fumble, near the center of the field.
After small gains the ball went to the
Alumni. Fuller kicked and the ball was
fembled. G. Judd picked it up and carried it to within six yards of the goal line before he was downed by Castle, Greenwell advanced four yards and M. Robinson, being drawn in on the next play, Ingalls went around his end for a touchdown. Fuller kicked goal,

With only two minutes to play, Castle kicked to A. F. Judd, who was downed on the 25-yard line.

The Punahou ends were invincible and Fuller kicked. Time was called with the ball near the center of the field. Score,

The game was an interesting one from a spectator's standpoint, and was greatly enjoyed by them. Punahou's strongest combination seems to be the one that played the second half. Several of the men are green and learned some valuable lessons that will stand them in good stead in the coming championship games, The team is fast for so early in the sea son and plays clean, hard football. The backs are weak on handling punts. The tackling of the team is commendable. The prospects of another championship game are good and the whole college will back the team to the utmost.

LINE-UP. Funahou-Cruzan, C. Judd, I.e.; C. Judd, A. Walker, l.t.; A. Walker, Plunkett, l.g. L. Robinson, c.; Perry, r.g.; Akina, r.t.; M. Robinson, r.e.; A. Marcellino, Williamson (coach), q.b.; J. Marcellino, l.h.b.; Kaulukou, Meyers, r.h.b.; Castle (captain), f.b.
